MAYER FARMS BEEF, LLC

OUR STORY

Dairy farming is our life's work. Our children are the 7th generation to farm our land and raise cattle - we produce milk, meat and grow crops for our livestock. We enjoy our life's work and gather great satisfaction from growing our own food and knowing that others enjoy it as well.

Our farm is more than a place - it is a home loved by family and friends. The land represents Christian values, passion and goodness. We love what we do and feel blessed to share it with you. Mayer Farms Beef is located south of Slinger and includes 250 acres of rolling fields and pastures - we are nestled in the hills of Kettle Moraine within view of the historic Holy Hill Church.

Cows are our passion and what we know. We take pride in raising quality cattle and growing them naturally. Each animal is raised and cared for individually by our family. We began selling beef after our friends and family persuaded us to share the goodness that our family enjoys daily. Mayer Farms Beef is raised without any added hormones or antibiotics, and is full of flavor - without excess fat.
